DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this section can be found in the prior office action.
2. The prior office actions are incorporated herein by reference. In particular, the observations with respect to claim language, and response to previously presented arguments.
3. Claims 1-18, 21, 24, 25, 35, 38, 41, 42 and 52 have been amended.
4. Claims 1-52 are pending.

Response to Arguments

5. Applicant's arguments with respect to the claim 52 have been considered but are moot in view of the new ground(s) of rejection.
6. Applicant's arguments with respect to claims 1-51 filed on 08/15/2005 are persuasive and the rejections of the claims 1-51 have been withdrawn.

Claim Rejections - 35 USC § 102

7. **Claim 52** is rejected under 35 U.S.C. 102(b) as being anticipated by Bellemore et al (5,944,825) cited in the IDS filed on 01/07/2002 by the Applicant.
8. **As per claim 52** Bellemore et al (5,944,825) teach a method of securing contents, comprising: receiving a request for access to the contents, the request

including input data from a user; in response to receiving the request for access, retrieving a user defined security object previously defined by the user; applying the user defined security object to the input data; and controlling access to the contents based on the application of the user defined security object to the input data using a method within the user defined security object (see fig.1-5 and associated text where examiner consider Bellemore et al (5,944,825)'s item 204, 205 of fig.2 as corresponding the applicant's security objects associating with the content of the database). Examiner however would reconsider if the added limitations of allowed independent claims be incorporated into claim 52 since the absent of those limitations make Bellemore et al (5,944,825)'s reference to read on the claim.

Allowable Subject Matter

9. Claims 1-51 are allowed.

Conclusion

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 2132

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
